

Building Team

The Building team will be working on the main project of the year. They will also be responsible for repairs around the garden area. As well, they will be on hand to assist gardeners with trellises or other permitted structures (like cold frames).

For the main project for this year, the Building Team will train the volunteers and other gardener's in the safe use of tools. And make sure that they have the proper safety equipment required for the tools that they will be using.
